PROCEDURE (S) TO BE PERFORMED TODAY \_\_\_\_\_

Has your pet had any food since 8pm last night? Yes  No

Does your pet have any medical problems or past problems with general anesthesia that we should be aware of? \_\_\_\_\_

Have you received an estimate of the fees for today's procedure? Yes  No

If not, would you like one provided? Yes  No

(Please understand that surgical estimates do not typically include costs for aftercare.)

We recommend the use of the AVID microchip for permanent identification of your pet. A chip may be placed at anytime but is slightly less traumatic if done under anesthesia. The additional cost of a microchip is \$39.90 We can also update any needed vaccinations, trim toenails, and clip mats while your pet is here. Would you like any other services performed on your pet today? Yes  No

If so, what else is to be done?  Microchip?  Toenails?  Vaccinations?

Other procedures? \_\_\_\_\_

We recommend presurgical blood screening for all patients prior to anesthesia. This blood panel checks kidney and liver function and screens for anemia. This service is an additional \$46.00

. Please select one of the following:

\_\_\_\_A. Please perform the preanesthetic blood screen.

\_\_\_\_B. I decline preanesthetic screening.

I authorize the agreed upon surgical/anesthetic procedure to be performed on my pet by the doctors and staff of the Lien Animal Clinic. I understand that this is done under general anesthesia and that there are inherent risks involved, despite precautions taken. The nature and purpose of the procedure and the risks and potential complications have been fully explained to me.
