

CONGRATULATIONS ON YOUR NEW KITTEN!

While new kittens are a great deal of fun, they require lots of love and care to help them develop into the perfect feline companions. Regular veterinary visits are necessary during the first 6 months of life to ensure your new pet stays healthy and happy. During these visits we will discuss common behavior problems as well as preventative health care. Please do not hesitate to ask us about any questions or concerns you have about your pet.

Recommended Care for Kittens:

- 8-9 weeks of age*-----Complete Physical Exam
 - Combo Test for Feline Leukemia and Feline AIDS
 - 1st FVRCP Vaccination
 - Earmite Check
 - Deworming
- 10 weeks of age*----- Deworming
- 11-12 weeks of age*- Follow Up Physical Exam
 - 2nd FVRCP Vaccination
 - 1st FeLV Vaccination (for kittens who will go outside)
 - Rabies Vaccination
 - Fecal Exam
 - Deworming
- 16 weeks of age*-----2nd FeLV Vaccination (for kittens who will go outside)
 - Deworming
- 5 months of age*-----Deworming
- 6 months of age*-----Deworming
- Anytime*----- Microchipping

While each of these visits can be paid for separately at the time of the visit, many of our clients prefer to save time and money with our Kitten Packages. **The Kitten Packages include all of the above recommended services at a discount of 20% off the regular price, and includes 2 free toenail trims. (Please note that spay or neuter surgery is NOT included in the kitten packages.)** The price for the kitten package is \$277.92 with FeLV vaccinations or \$245.92 without FeLV vaccinations (This is a savings of between \$61.00 and \$70.00). If you are interested in the Kitten Packages, please let the receptionist know at checkout.

Please be a responsible pet owner and have your kitten spayed or neutered by 7 months of age.
